

Lot 1/ Newbold Street, Wedderburn, VIC, 3518

GOLDEN OPPORTUNITY!

Wedderburn is mainly a farming community but its early residents were gold miners and prospectors. The town is most famous for the Hand of Faith gold nugget which was discovered in 1980 near the town and weighed in at over 27 kilograms! It was sold to the Gold Nugget Casino in Las Vegas for over a million dollars and is currently on display there. This discovery created another gold rush to the Wedderburn area, this time with metal detectors, not picks and shovels.

This almost 1 acre property is located just a short walk from the centre of town and is in the Rural Living Zone thereby enabling you to be able to build your dream home. The block is predominantly cleared with a nice clump of trees at the front of the block. There is also an ideal spot to build a dam.

The closest significant towns are Bendigo to the south east and Kerang to the north east.
